NEW LOCATION FOR WYOMING STATE FORESTRY DIVISION

Starting January 25th, Wyoming State Forestry Division (WSFD) will be moving to their new location at 5500 Bishop Blvd., Military Building, Cheyenne.

“We are excited about the move, and are looking forward to an environment, that offers more space, and better building access for our customers,” said State Forester Bill Crapser. WSFD will be co-located with the Wyoming Office of Homeland Security (WOHS), the 153rd Air Guard Medical Unit, and the 115th Fire Brigade. The building also houses the State Operations Center (SOC), and the Civil Air Patrol (CAP). “Since much of our work is in cooperation with WOHS, CAP, and the Guard, we are looking forward to strengthening and building new relationships with these agencies,” added Crapser.

While the majority of WSFD staff will relocate to the Military Building, the Shop Operations will stay at the current location at 1100 West 22nd, Cheyenne. The Shop Operations, including fabrication and maintenance, along with the management of the GSA/FEPP/FFP programs will remain.

All phone numbers and emails will remain the same. As the Division relocates and works through IT and communication setup, please be patient during the transition. If you have any questions, please call 307-777-7586.
