ANALYSIS:

An auction for the sale of State of Wyoming Oil and Gas Leases was held via EnergyNet.com from November 1, 2017 through November 8, 2017. Two hundred and forty two parcels were initially prepared; three parcels were withdrawn from the auction. Of the 239 parcels offered for lease at the auction, 191 were successfully bid upon.

Of the 239 parcels offered at the auction, 184 were offered at 16 2/3% royalty rate and 55 were offered at 12 1/2% royalty rate. Total lease bonus for the sale was \$16,895,974. Total auction revenue was \$16,993,220.40. Out of 95,696.54 acres originally prepared for the auction, 94,256.54 acres were offered, and 46,387.42 acres were successfully bid upon.

In accordance with the Office of State Lands and Investments' existing coordination process with the Wyoming Game and Fish Department and the Wyoming State Historic Preservation Office, Standard Stipulations have been recommended for the auctioned oil and gas leases. The stipulation numbers for each lease are included in the auction results (see attachment). The specific language of all Standard Stipulations can be found at:
